## Are You A Troll Hunter?

Renowned Danish artist, Thomas Dambo, has been on a mission to create art that inspires people to explore, have adventures in nature, and show that recycled goods can be turned into something beautiful. His troll sculptures are larger than you can believe, often hidden, and each unique. "Troll Hunters" search all over the world to find and view his troll installations before they move or succumb to time.

We now have several opportunities in our state to experience the majesty of some Dambo Trolls! NC will have 7 permanent trolls!  
**Happy Hunting!**

## Trolls: A Field Study

This exhibit is making its North American debut at the NC Arboretum. View them Nov 15 - Feb 17. There are 12 trolls to find, with 6 available to view during the Winter Lights Show.
